## 2020

## Wednesday February 12, 9:00am

MICHAEL LANDINO

With 30 years of service in the access control industry Mike is well thought of among access control professionals. He's going to give us a thorough, hands on, demonstration of the NEW HySecurity Smart series. The development of the new SmartCNX™ controller and openers combines several proven technologies and you need to get to know these openers as it is the future of HySecurity.

CAMERON MORAN

Are wireless edges costing you more money than you are making? You not alone. Cameron at EMX Industries is going to show of the reliable 900MHZ 4 channel wireless edge link. It works with 8.2K & 10K edges, 10K, NC, or pulse openers, and has a 200' range! He will also show off the Carsense 303. EMX's newer vehicle detection device that only needs one sawcut for installation!

TONY THORNTON

Tony's commitment to education of the professionals in this industry is unmatched. His insight into the industry will make you a better technician, manager, and entrepreneur. Tony will cover some of the safety concerns fence and gate experts must know to lower liability. (Others pay thousands of dollars for his advice. Don't let this slip by.). We would like to thank him and the American Fence Association for always answering the call to teach our students. It's MUCH appreciated.

Summit 2020

Gate Safety Summit 2020

Gate Safety Summit 2020

Gate Safety Summit 2020

You are going to be in for an awesome day of learning and networking! We gathered the industry leaders in cutting edge openers and safety equipment.

Most of you are aware that a young man lost his life from a gate opener accident in Fort Worth, TX. Accidents concern us all, and with one so close to home, we must continue to learn safe practices for sales, service, and installation.

You are part of a tight knit community of Electronic Access Control Professionals and when tragedy strikes, we must call on the experts to teach us best practices for our companies, vendors, employees, and the public that puts so much trust in us.

Take this day to learn from the industries leaders in safety. Someone's life is depending on it.

Brooks, Master Instructor The Access Control Expert School TX License Y09375204
